MATERIALS

Aluminum, Acrylic

Voltage: AC 200-240V

Finish Palette

Finishes: White, Black

Lampshade: Aluminum ,

Shade Colours: White, Black

Customization available upon request.

Made and assembled in China.

Inspiration

Constructed from aluminum, the circular lampshade extends directly from the ceiling without distracting extra accents or decorations. The integrated LED light source emits a soft, diffuse beam that funnels down and covers its environment, making it ideal for smaller spaces or when grouped on a kitchen island or work - space.
